This is the story's beginning; the tale of the archangel, known simply as the Zekereih, who died thousands of years before Azerith Ramiero's story into Hell and back. The prequel shows us what life was like before our world through a distorted rendition of Milton's "Paradise Lost" with our hero torn between the sides of Heaven and Hell that began when an ancient race, known as the Aetrians, failed to learn from their mistakes and allowed their pride and greed to take precipice over their desires. Through the story of the main hero and his party, this novel serves to lay the background for the Akashi Reborn series that focuses on the aftermath of the universe's greatest war.
