Over The Edge Brandilyn Collins

Torn from the front lines of medical debate and the author's own experience with Lyme Disease, *Over the Edge* is riveting fiction, full of twists and turns—and powerful truths about today's medical field. Janessa McNeil's husband, Dr. Brock McNeil, a researcher and professor at Stanford University's Department of Medicine, specializes in tick-borne diseases—especially Lyme. For years he has insisted that Chronic Lyme Disease doesn't exist. Even as patients across the country are getting sicker, the committee Brock chairs is about to announce its latest findings—which will further seal the door shut for Lyme treatment. One embittered man sets out to prove Dr. McNeil wrong by giving him a close-up view of the very disease he denies. The man infects Janessa with Lyme, then states his demand: convince her husband to publicly reverse his stand on Lyme—or their young daughter will be next. But Janessa's marriage is already rocky. She's so sick she can hardly move or think. And her husband denies she has Lyme at all. Welcome to the Lyme wars, Janessa.

From reader reviews:

Edward Christensen:

Reading a book can be one of a lot of exercise that everyone in the world really likes. Do you like reading book thus. There are a lot of reasons why people like it. First reading a reserve will give you a lot of new details. When you read a e-book you will get new information because book is one of several ways to share the information or even their idea. Second, reading through a book will make you actually more imaginative. When you reading a book especially fictional works book the author will bring someone to imagine the story how the figures do it anything. Third, you are able to share your knowledge to other individuals. When you read this Over The Edge, you can tells your family, friends along with soon about yours reserve. Your knowledge can inspire different ones, make them reading a publication.

Leroy Raymond:

This Over The Edge is brand-new way for you who has curiosity to look for some information since it relief your hunger details. Getting deeper you onto it getting knowledge more you know or perhaps you who still having little digest in reading this Over The Edge can be the light food to suit your needs because the information inside this particular book is easy to get by means of anyone. These books create itself in the form that is certainly reachable by anyone, yep I mean in the e-book type. People who think that in reserve form make them feel drowsy even dizzy this reserve is the answer. So there is not any in reading a publication especially this one. You can find actually looking for. It should be here for an individual. So , don't miss the item! Just read this e-book kind for your better life as well as knowledge.

Agatha Draper:

Don't be worry if you are afraid that this book may filled the space in your house, you could have it in e-book means, more simple and reachable. That Over The Edge can give you a lot of close friends because by you considering this one book you have point that they don't and make anyone more like an interesting person. That book can be one of a step for you to get success. This e-book offer you information that might be your friend doesn't realize, by knowing more than additional make you to be great folks. So , why hesitate? We need to have Over The Edge.

Herbert Knight:

Do you like reading a e-book? Confuse to looking for your chosen book? Or your book ended up being rare? Why so many concern for the book? But almost any people feel that they enjoy intended for reading. Some people likes looking at, not only science book but also novel and Over The Edge as well as others sources were given understanding for you. After you know how the good a book, you feel need to read more and more. Science guide was created for teacher or perhaps students especially. Those publications are helping them to put their knowledge. In some other case, beside science reserve, any other book likes Over The Edge to make your spare time much more colorful. Many types of book like this one.
