Witches (The Cross-Worlds Coven Series Book 1) Phil Stern

When it comes to magic, women have always been in control. Until now.

For centuries, they've lived among us. Utilizing the shadowy Boundary to travel between dimensions, Coven operatives use their magic to protect those in need.

Yet the temptations are many. Excesses inevitably occur. Still, as only women can control the underlying force of the universe, the repercussions so far have been few.

But the tables have suddenly been turned. A powerful wizard has appeared, attacking empowered women across multiple worlds. Witches have been kidnapped, their fates uncertain.

A young Terran-based sorceress, the strongest of her generation, must find and stop the magical madman before he can bend the Coven to his depraved will. Along the way, she must also confront doubts about the role her fellow witches may have played in her own family's demise.

Thus begins **The Cross-Worlds Coven Series**, a wide-ranging epic spanning multiple worlds, powerful adversaries, and a young woman's journey to ultimate redemption. *Witches* is followed by *Earth Fire* and *Rivals*, available now on Kindle.
