## **Business Ratios Guidebook: Second Edition** Steven M. Bragg

Ratios and other measurements play a valuable role in analyzing business information. A system of measurements can also be used to monitor and control operations. The Business Ratios Guidebook is full of ratios and other measurements that can assist in these interpretation and control tasks. General topics include measurements for performance, liquidity, cash flow, return on investment, and share performance. More specific functional analysis topics include measurements for such areas as cash management, credit and collections, fixed assets, inventory, and product design.
