Are you looking for a better, more consistent trading system to boost profits? How about a new indicator to bolster your current technical trading? Are you in need of a no-nonsense, practical, and profitable technical trading guide? Let Sylvain Vervoort hand you his breakthrough methods in this new book designed especially for active traders.

Vervoort's trading book is a complete reference on how to apply technical analysis for profits. It explains Vervoort's own trading style in the language of active traders: You will actually find specific answers to the all-important "where to open" and "when to close" questions. And, to help you start profiting immediately, text is limited to what you really need to know and all techniques are illustrated with an application example.

"I am sure that this book with all the technical analysis techniques, money management, risk management, and high probability entries will be a turning point for your own technical trading."- Sylvain Vervoort

Vervoort's system, "LOCKIT," introduces you to a number of special indicators and techniques for a more successful application of technical analysis like:

- a practical Elliott Wave count indicator to help you estimate the direction of price and to create price targets,
- a Heikin-ashi Bollinger Bands %b indicator to show actionable divergences in price,
- Vervoort's brand new, proprietary indicator SVAPO ("Short term Volume and Price Oscillator") with programming code,
- optimized ATR trailing stop methods to protect gains,
- specific money and risk management rules to keep you profitable,
- and much more.

On top of all this, Vervoort's book comes complete with Metastock code for all of his indicators and technical trading techniques. There is a CD included to get you started right away!

Don't miss out on one of the most important trading books of recent times. This is a must for any person ready to trade profitably with technical analysis.
