Thomas Hobbes

Leviathan, Parts I and II - Revised Edition (Broadview Editions) Thomas Hobbes

Thomas Hobbes's *Leviathan* is the greatest work of political philosophy in English and the first great work of philosophy in English. Beginning with premises that were sometimes controversial, such as that every human action is caused by the agent's desire for his own good, Hobbes derived shocking conclusions, such as that the civil government enjoys absolute control over its citizens and that the sovereign has the right to determine which religion is to be practiced in a commonwealth. Hobbes's contemporaries recognized the power of arguments in *Leviathan* and many of them wrote responses to it; selections by John Bramhall, Robert Filmer, Edward Hyde, George Lawson, William Lucy, Samuel Pufendorf, and Thomas Tenison are included in this edition.

This revised Broadview Edition of Hobbes's classic work of political philosophy includes the full text of Part I (Of Man), Part II (Of Commonwealth), and the Review and Conclusion. The appendices, which set the work in its historical context, include a rich selection of contemporary responses to *Leviathan*. Also included are an introduction, explanatory notes, and a chronology of Hobbes's life.
