Specifically designed for teenagers, this is an ideal photocopiable resource for busy teachers. With 17 teen-focussed topics, students develop understanding and fluency in a real, communicative way. Every topic is divided into three levels - elementary, intermediate and upper-intermediate - with a carefully graded activity for each. The four key skills are covered through a variety of tasks - role-plays, quizzes, board games and debates - and each activity is supported by step-by-step teacher's notes and extension ideas.
