Airborne: The New Dance Photography of Lois Greenfield

Breaking Bounds brought Lois Greenfield's pioneering work in dance photography widespread acclaim and a dedicated following. Now with *Airborne*, her first book in over six years, Greenfield takes us to spectacular new heights. Collaborating with some of the world's finest dancers from such illustrious dance companies as the Martha Graham Dance Company, Pilobolus, San Francisco Ballet, the Parsons Dance Company, and Ballet Tech, she captures moments of startling grace and power. In 90 duotone images, Greenfield's dancers defy gravity and push the limits of the possible. A preface takes us behind the scenes in her studio, and the photographer's own captions illuminate the challenges of making pictures that recreate the seeming effortlessness of dance. As inspiring as it is technically remarkable, this collection of incomparable images is sure to captivate dance lovers, photographers, and all who admire the beauty and strength of the human body.
