The Fascinating Story of Life on the Front Lines Bethel Moore Custer did what good patriots of any era do—he served when he was asked to serve, he followed when given orders, and he led when he was asked to lead. While he may not have shared a family connection to a certain other famous man of the same name, his actions were no less heroic. Through letters written and exchanged between himself and other army officers and from exhaustive research conducted over decades, *Another Custer* tells the story of the men who served in the United States Army from 1867 to 1887 in the Indian and New Mexico Territories and Texas. This is the story, much of it written in his own words, of an ordinary man with a famous name who lived in extraordinary times. The discovery of a pile of letters written and received by his wife's great uncle led James Carsten on a decades-long search to uncover the personal and military life of Captain Bethel Moore Custer. A retired teacher who served in the military, Carsten traveled the country, digging through historic sites and libraries to complete the compelling story that began more than a century ago.
