What if you suddenly acquired a windfall of money and maybe a little fame? How would it change your life? This is my story, a true story of how my life changed since winning the lottery in April 2006. It includes the controversial reality show Million Dollar Christmas, which aired December 2007. That reality show featured four out of the thirteen lottery winners (we were dubbed the Lucky 13), who consented to being filmed for a reality show. The show was about our lives as we prepared for our first Christmas as millionaires. Out of the four stories, my story was the most talked about throughout the country. I received both positive and negative feedback from people across the United States. My story in this book includes the love I received, the hate, the hopes, and regrets that come with a life-altering change. After reading this book, perhaps you will be able to answer this question: Is winning the lottery a blessing or a curse
