Politics in the USA M.J.C. Vile

This highly acclaimed introduction to the essential elements of the American political system is now available in a new edition, having been fully revised and updated to take into account the considerable developments in American politics over the last ten years.

Written in an accessible manner, *Politics in the USA* establishes a framework from which to understand the intricacies of politics in the world's most powerful nation. This new edition provides students with:

- essential background and history of the American political system as well as an explanation of the key structures, processes and institutions
- a chapter on the significant developments in US foreign policy under Clinton and George W. Bush
- analysis of Bush's Presidency and the rise of neo-conservatism
- discussion of controversial issues such as gun control, abortion, gay rights, and stem cell research
- suggestions for further reading and websites in each chapter.

This is the most accessible, comprehensive and up-to-date textbook on American politics and will be of interest to students of American politics and international relations and politics.
