The Walt Disney Company's Large Hyperion Hardcover by Stephen Rebello. - This Walt Disney Company's thirty-fourth animated feature film is celebrated in this remarkable volume that captures the dramatic world which shaped the hearts and minds of fifteenth-century Paris. The stunning art and evocative text take the reader of the movie, the world of medieval France, the nineteenth-century Gothic literature that embraced that world. This book features the rarely seen spectrum of art created in the making of the film in a variety of media - from conceptual paintings, to story sketches and layout drawings, through the many stages of animation and background painting, computer generated imagery, effects animation, and final art from the production.
