International Commercial Arbitration in Sweden Kaj Hober

International Commercial Arbitration in Sweden offers comprehensive coverage and analysis of the principles, rules and legal aspects of international commercial arbitration in Sweden. Sweden has long been a leading centre for international arbitrations, particularly for disputes involving parties from the Russian Federation, other Eastern European countries, and China.

Written by a renowned author with more than 20 years experience, practicing both as counsel and arbitrator, this book utilizes personal and professional experience to provide the non-Swedish reader with an in-depth knowledge of Swedish arbitration laws as they are applied internationally. Special attention is paid to issues relating to the conflict of laws and further aspects of private and public international law.

The publication features two significant related materials as appendices: the Swedish Arbitration Act in English and the Rules of the Stockholm Chamber of Commerce.
