Aging sucks! according to the very honest Charla Krupp, the veteran beauty editor and style expert of NBC's Today show for ten years. Her new beauty and style bible does not tell you to age gracefully and celebrate your wrinkled (who does that?) Nor does it tell you to get an extreme makeover. What it does do is show you how to look young-fast and effortlessly! Because looking hip is not just about vanity anymore-its critical to every woman's personal and financial survival-How not to look old offers a comprehensive plan of attack to keep you int he game when everyone around you is a kid. It's the ultimate to-do list: all the little beauty and style tweaks that will make you look younger and hipper-and still appropriate-with no downtime. From "Lighten Your Hair" to "Shorten your Skirs" to "Step into Sexy Heels", go chapter by chapter, cross of each to-do, and taken ten years off your face, your body, and your looks! In her "just between us" way, Charla shares the secrets every fashionista knows but won't tell.
