Is the Pope Infallible?: A Compelling Answer from the Bible & History Eddie Hyatt

In his book, Pursuing Power, Dr. Eddie Hyatt showed how pursuits of power in church history have been the cause of the major divisions in Christendom. In this small book, he addresses the issue of papal infallibility because it represents, he believes, one of the most blatant power grabs in the history of the church. Much of the information for this book has been gleaned from Catholic theologians and historians. Hyatt states that his purpose is not to bash Catholics or even the pope, but to point out this ruinous development in Christian history that has divided the church and quenched the work of the Holy Spirit.
