Part of SAGE's new **Mastering Business Research Methods** series, conceived and edited by Bill Lee, Mark N. K. Saunders and Vadake K. Narayanan.

The series is designed to support business and management students with their research-based dissertations by providing in-depth and practical guidance on using a chosen method of data collection or analysis. The books are written in a concise and accessible way, and contain a range of features, including checklists and a glossary, designed to support self-guided research.

In **Analysing Quantitative Data**, Charles Scherbaum and Kristen Shockley guide you through philosophical and theoretical foundations, basic components of quantitative analysis, conducting quantitative analysis, studies using quantitative analysis and strengths and limitations. The book also includes an appendix of Excel formulas.

Watch the editors introduce the **Mastering Business Research Methods** series and tell you more about the first three books...
