## Rethinking Geopolitics

*Rethinking Geopolitics* argues that the concept of geopolitics needs to be conceptualised anew as the twenty-first century approaches.

Challenging conventional geopolitical assumptions, contributors explore:

- \* theories of post-modern geopolitics
- \* historical formulations of states and cold wars
- \* the geopolitics of the Holocaust
- \* the gendered dimension of Kurdish insurgency
- \* the cold war world
- \* political cartoons concerning Bosnia
- \* *Time* magazine representations of the Persian Gulf
- \* the Zapatistas and the Chiapas revolt
- \* the new cyber politics
- \* conflict simulations in the US military
- \* the emergence of a new geopolitics of global security.

Exploring how popular cultural assumptions about geography and politics constitute the discourses of contemporary violence and political economy, *Rethinking Geopolitics* shows that we must rethink the struggle for knowledge, space and power.
