The Handbook of the International Law of Military Operations

Terry Gill, Dieter Fleck

The Handbook of the International Law of Military Operations Terry Gill, Dieter Fleck

The past decades have seen a remarkable development of military operations both within the United Nations collective security system and in other international settings. While traditional forms of military operations have been maintained and further developed, there have also been substantive developments, responding to new challenges for international security, the specific requirements of international and multinational cooperation, and legal regulation.

Treaty law, customary law, and best practice relevant for military operations derive from various branches of international law which have to be applied in context. Cooperation between States and International Organizations has brought about a progressive development of applicable rules, and a requirement for legal control both at the national and international level. At the same time, the correct application of legal rules and best practice has become one of the benchmarks for the assessment of military operations and failure to meet appropriate standards can have significant military and political, as well as legal, implications. This makes the identification and correct application of these rules of crucial importance in the planning and conduct of all types of military operations. The absence of an all-encompassing set of regulations and the need to find specific solutions for tasks characterized by an interdependence of efforts have made a reassessment of this important part of international law both a timely and topical task. Renowned international lawyers have joined together in this project to offer their insight in the relevant principles and provisions. They address important rules for enforcement, peace enforcement, and peace operations, as well as for other military operations conducted within the context of self-defence and other possible legal bases for the use of force.

From reader reviews:

Luther Roberts:

Do you have favorite book? When you have, what is your favorite's book? Guide is very important thing for us to learn everything in the world. Each guide has different aim or maybe goal; it means that reserve has different type. Some people experience enjoy to spend their time for you to read a book. They may be reading whatever they take because their hobby is actually reading a book. How about the person who don't like reading through a book? Sometime, person feel need book when they found difficult problem as well as exercise. Well, probably you will need this The Handbook of the International Law of Military Operations.

Mark Gibson:

The book The Handbook of the International Law of Military Operations has a lot details on it. So when you check out this book you can get a lot of help. The book was published by the very famous author. Tom makes some research before write this book. This specific book very easy to read you can find the point easily after scanning this book.

John McGinnis:

Precisely why? Because this The Handbook of the International Law of Military Operations is an unordinary book that the inside of the guide waiting for you to snap that but latter it will zap you with the secret this inside. Reading this book close to it was fantastic author who else write the book in such remarkable way makes the content on the inside easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of advantages than the other book have got such as help improving your expertise and your critical thinking way. So , still want to delay having that book? If I ended up you I will go to the book store hurriedly.

William Copeland:

As a pupil exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just little students that has reading's spirit or real their hobby. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring along with can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this The Handbook of the International Law of Military Operations can make you feel more interested to read.
